Business, relaxation and involvement: get ready to occupy all your daily slots with productivity and happiness. Because on board your day is full of original and inspiring moments and events to share, for natural and effective team building.

Wake up and breakfast on the sea to face the first meeting calm, rested and energized for the day.

Together with work in the dedicated spaces reserved for your sessions.

Swimming pool, whirlpool, jogging or a sports challenge individually or as a team: it's the perfect time to challenge your boss.

After sport and lunch, it's time to relax, in the sun or at the spa, to clear your head and regenerate your body.

You return on board after your long and exciting shore excursion, discovering the local culture and nature.

An aperitif at the stern bar to consolidate the team spirit with a cocktail while enjoying the sunset.

Italian and international cuisine, starred menus, many different dishes, the right wine: a memorable business dinner.

To the theatre for a show, then maybe some betting at the casino, to all end up dancing in the disco... and tomorrow is another day!

The experience that makes the difference.

Location, originality, organisation and a great choice: this is the extraordinary mix that makes each of your experiences on board and ashore unique and memorable, new and exciting. Here are some examples of what you can experience with Costa.

CONVENTION

Celebrating the achievement of your goals with an event in the on-board theatre is spectacular and enthralling. On Costa ships, the theatres are technically state-of-the-art and can accommodate up to 1,350 people, with technicians and artists constantly assisting to find the most impressive format.

SHORE EXCURSIONS

Discovering new places and experiencing great events together is engaging and electrifying. You can choose from our excursions, for example, a private visit to Barcelona's Camp Nou stadium. But we can also organise a tailor-made event on land for your group, such as a dance party in an exclusive location in Ibiza.

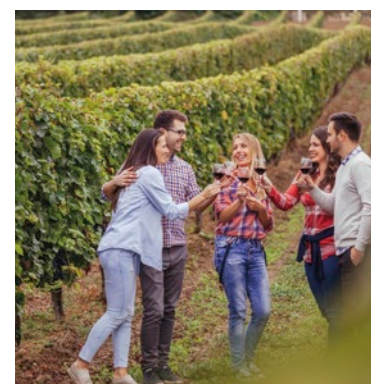

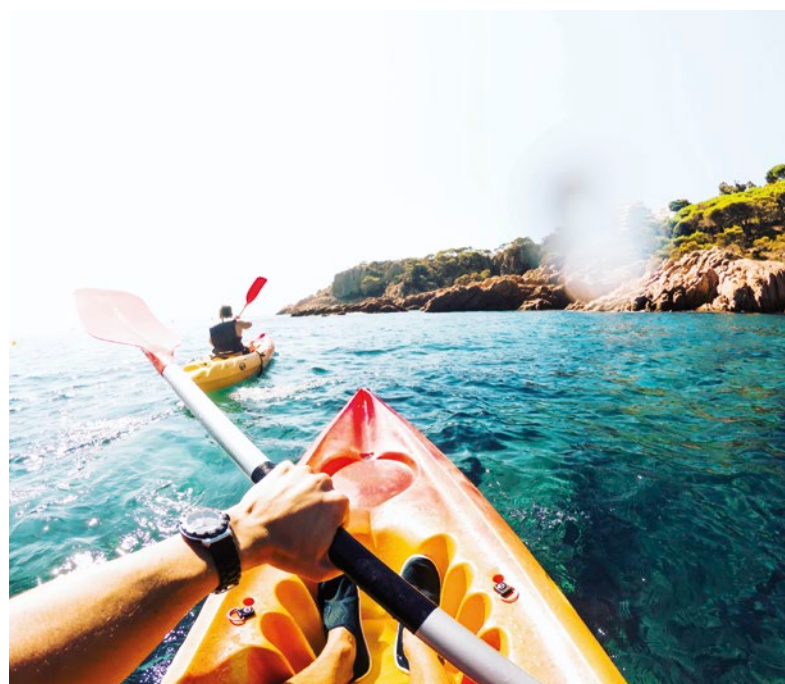

TEAM BUILDING

Like real kitchen brigades, where collaboration and team spirit are key, we make you compete among colleagues to the last dish, under the guidance of our chefs, ready to teach you small and big secrets of the trade to prepare the best recipe and win the challenge.

A world to explore also **on the ground.**

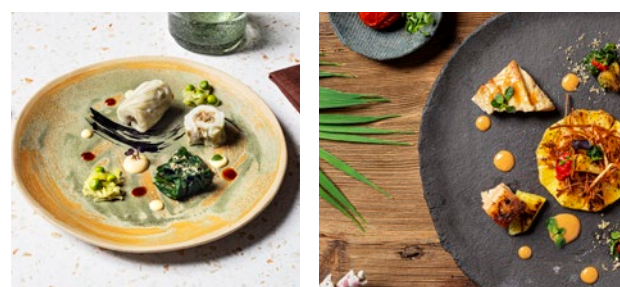

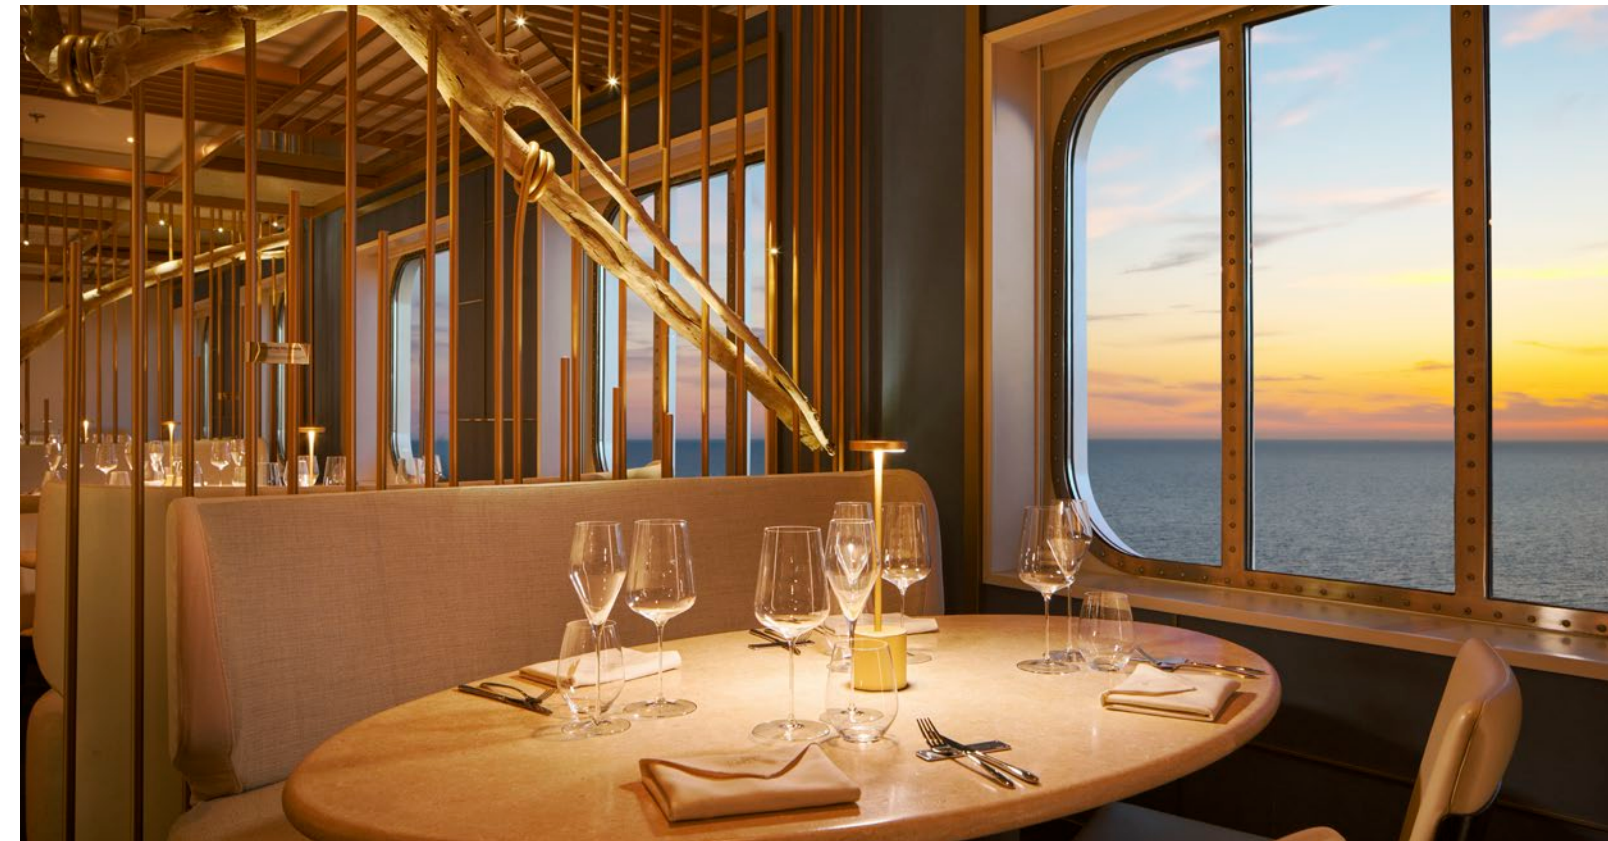

Art, culture, nature, fun, taste: every Costa excursion is an authentic experience, going to the heart of the spirit of each place, with plenty of time to discover it, and perfect organisation, from guides to safety. In addition to the most famous sights, to be discovered with new eyes, you can also explore hidden and little-known corners, accompanied by experienced

and knowledgeable guides, with many special itineraries, with stops even lasting several days, to experience your tour not as mere tourists, but as real travellers. The excursion is also the ideal solution for entertaining those travelling with you while you are busy with work sessions.

A journey full of every taste.

No hotel or resort ashore will ever be able to offer you the variety of tastes and flavours of a Costa ship. Signature dishes by international chefs and artisanal production of ice cream, pizza and mozzarella in the Italian tradition. Themed restaurants such as the Japanese Teppanyaki and Sushino at Costa, the Fiorentina Steak House and the Burger Bar. The savoury selection at Salty Beach street food. And the Ferrari Bar, the Aperol Spritz Bar, the Campari Bar and the Kartell Bar on some ships, and many other proposals for your aperitif.

THREE STARRED CHEFS, A UNIQUE RESTAURANT

With its innovative and sustainable design, the **Archipelago Restaurant** welcomes you with menus created by award-winning chefs **Bruno Barbieri, Hélène Darroze** and **Ángel León**, who reinterpret the ingredients, traditions and recipes of your destination. An authentic journey in the journey, for a superior taste experience.

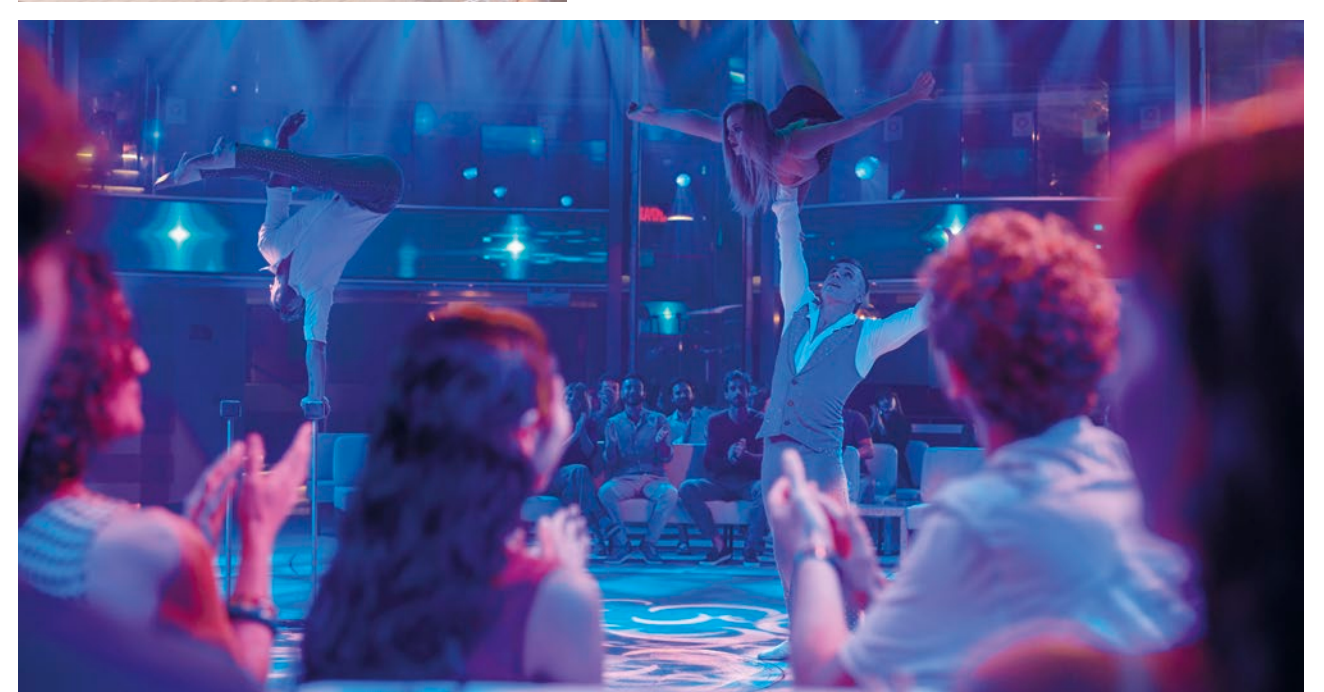

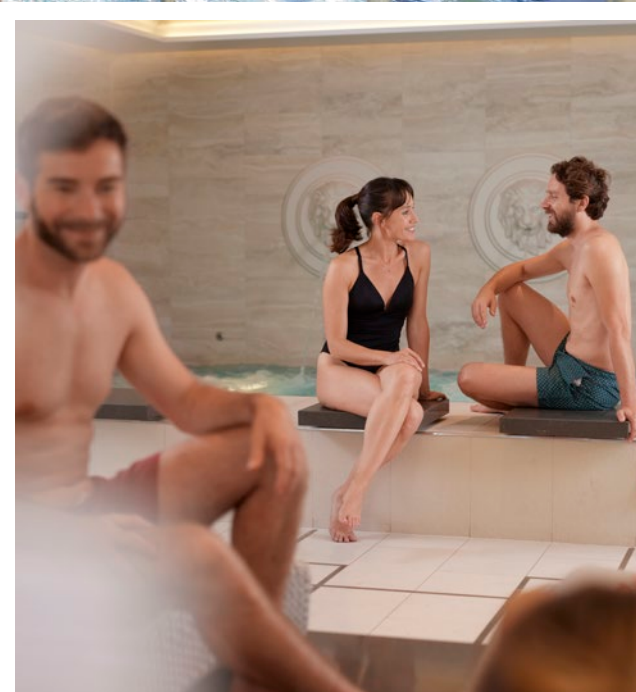

THE DRINKS PACKAGES FOR AN ALL-INCLUSIVE CRUISE

With the drinks packages you can order what you want at any time of the day, in the restaurant, at the bar and in the cabin, at an **advantageous price**. The **My Drinks package** includes a wide selection of wines, spirits, whiskies and cocktails, all beers on tap, liqueurs, hot drinks, coffee, water, soft drinks, aperitifs and vermouth + 1 0.5l bottle of water per person per day. The **My Drinks Plus package**, which is included in the rate for those travelling in suites, includes an unlimited premium offer, which can be used in all bars on board (with the exception of theme bars), including premium labels and consumption of drinks from the minibar directly in the suite, bottled water and beers.

Relax, tone up, have fun.

Between work sessions, you have a world of possibilities to have fun and relax, as a spectator and as a protagonist, among colleagues and new acquaintances. At **the theatre**, the show is always different, from big productions to cabaret, from dance to talent shows taken from famous TV formats. The night is filled with music, themed parties and **disco**, the **casino** and **shopping**. The day is also for moving around in the **gym**, on the open-air **jogging track** or in the challenges of five-a-side football, basketball, volleyball and tennis, and for rejuvenating oneself in the **Solemio spa**, with massages and treatments, pools and whirlpools. Or to simply lounge around in the sunshine in the **Winter Garden** and **Solarium**.

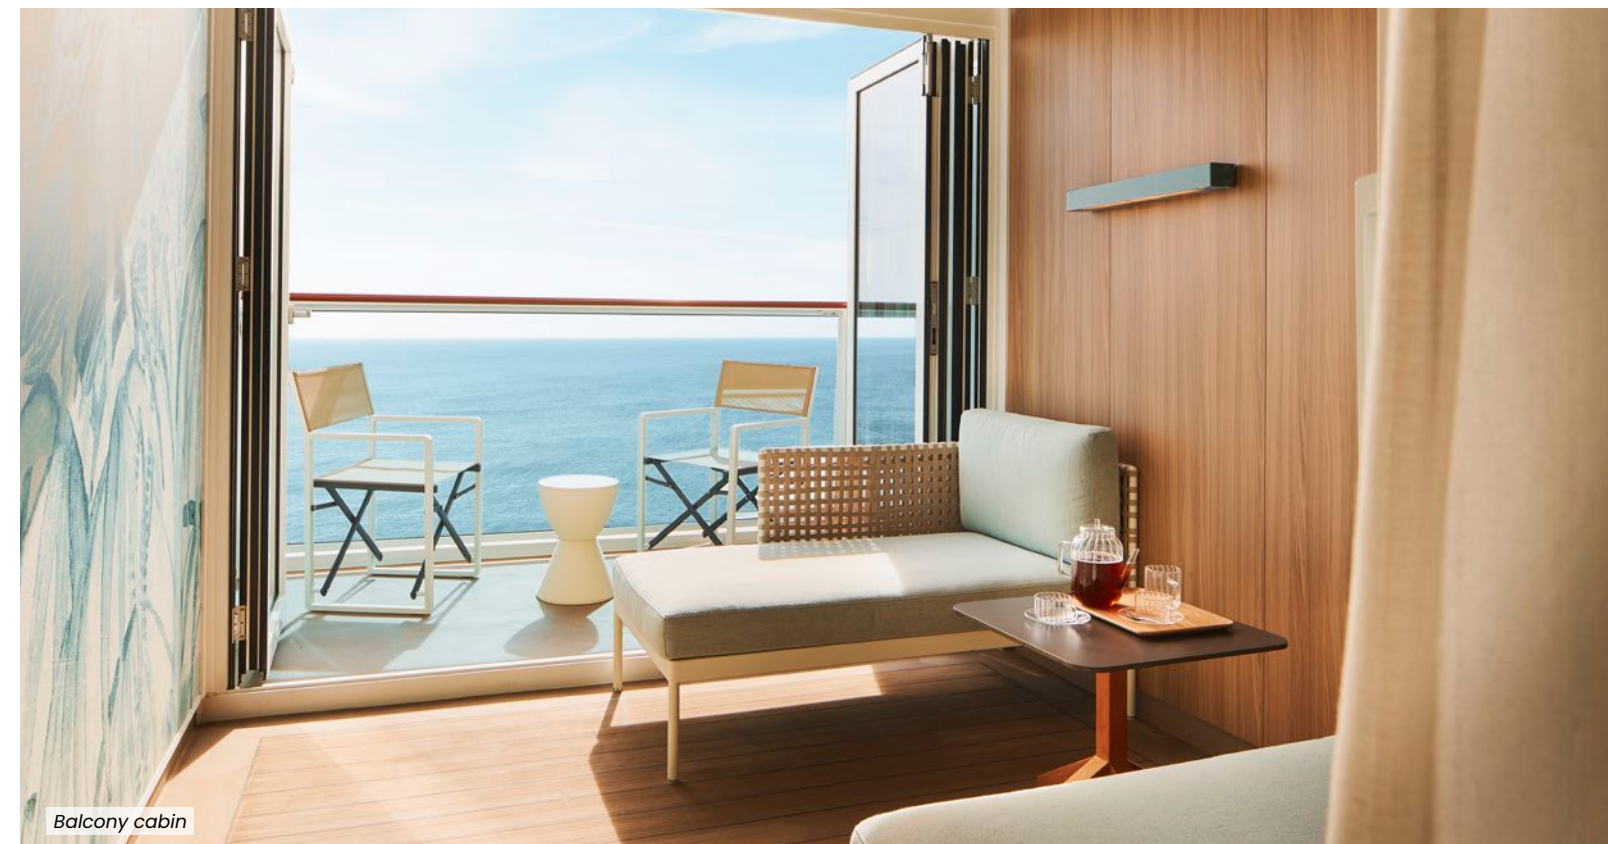

More than just a place to sleep.

Indoor, outdoor with sea view, with balcony, up to exclusive suites, all the cabins on board guarantee you **comfort, elegance and relaxation**. Each solution is comfortable and cosy, perfect for resting after a busy day of activities, meetings, life on board and discoveries ashore, with different types in terms of size and position, allowing you to find the space best suited to your needs.

Costa Fortuna

It is the ideal heir to the great ocean liners of the past, recalling the Italian seafaring tradition and welcoming guests in the atmosphere of the crossings that marked an era, with models and reproductions of playbills and advertising posters from the 1920s and 1930s. The glittering Costa Atrium is instead a tribute to the company's history, with 26 models of the ships that made it great.

Costa Pacifica

It is a symphony of emotions on the sea. Its motto is 'the sea in music': the themes of the fittings and the names of the decks are linked to the world of music. Each deck has its own melody and each hall a symphony. Starting with the spectacular Welcome Atrium with its panoramic lifts, where the welcome is reserved for an original composition by Maestro Mauro Pagani, who wrote and arranged all the music on board.
